WE FIGHT FOR THE RIGHTS OF PEOPLE EVERYWHERE

NARAL partnered with City Councils in Portland and Eugene to draft and pass resolutions that take local action and lend our resources to the fights against abortion bans in Alabama and Ohio.
WE LEAD THE NATION

In the 2019 legislative session, we defended the historic Reproductive Health Equity Act, defeated 11 anti-abortion bills and were proud to help pass the most inclusive Paid Family and Medical Leave act in the country.
WE ORGANIZE AND WE MOBILIZE

This Spring, as abortion bans began sweeping the nation, NARAL rallied over 5,000 people in Portland and Eugene as part of a national day of action to #StopTheBans and defend Roe v. Wade.
Our School Board Members for Reproductive Health network identifies and supports over 50 School Board Members statewide to champion policy changes that will improve students’ access to reproductive health and education across our state.
WE CULTIVATE THE NEXT GENERATION OF LEADERS

NARAL offers meaningful engagement for the next generation of leaders by providing high-level, paid internships which encompass every area of our work. We are proud to see our interns become reproductive health fellows, campaign and legislative leaders, and lifelong champions of reproductive freedom.
2020 will be a pivotal year for our state and our nation, and NARAL Pro-Choice Oregon and the NARAL Pro-Choice Oregon Foundation will spend every day fighting to protect reproductive freedom and access to safe, legal abortion. Moving forward, we will continue to use advocacy, outreach, and education to:

- Address barriers to care by ensuring that the Reproductive Health Equity Act is fully and equitably implemented
- Mobilize our membership throughout the state to meet the challenges and opportunities in the pivotal 2020 election year
- Engage in deep canvass work in Woodburn and Salem, focused on bringing reproductive health conversations to the Latinx community through partnering with organizations like Pineros y Campesinos Unidos del Noroeste (PCUN)
- Connect our network of School Board Members for Reproductive Health with parents, students, community members and lawmakers to expand comprehensive sexuality education and reproductive health access for all young people
- Fight back against abortion bans throughout the country and continue to lead as the nation’s most pro-choice state
NARAL Pro-Choice Oregon depends on volunteers, from students to Board Members, to drive our work forward. These are two of the incredible volunteers who make NARAL’s work possible.

**Hunter Spence**
Hunter Spence joined our team this summer as our Organizing Intern. Hunter helped revamp our summer tabling program to be more focused on healthcare access and information delivery. Hunter, a native of Eugene, also helped to more than double our list of supporters there, leading the organization’s tabling at Eugene Pride for the first time. We were thankful for our time with Hunter this summer, and wish her all our best as she finishes her degree as a Wayne Morse Scholar at the University of Oregon.

**Representative Jennifer Williamson**
Representative Jennifer Williamson has been a lifelong advocate for reproductive freedom, even working as an intern at NARAL during her time in law school. She was the Chief Sponsor of the Reproductive Health Equity Act which codified the right to legal abortion in Oregon and has been widely hailed as the most progressive piece of reproductive health legislation in the country. Rep. Williamson is proud to serve on the NARAL Pro-Choice Oregon Board of Directors and is committed to fighting hard for the rights of all people at every level of government.
TOGETHER WE MAKE OUR WORK COUNT

- 30,000 texts sent to members
- 20,000 phone dials
- 900 emails sent to Legislators from NARAL members statewide
- 300 intern hours + 2,731 volunteer hours
- 40 members joined our Lobby Day on International Women’s Day
- 323 active volunteers
- 123 Persisters (monthly donors)
- 50 new School Board Members for Reproductive Health
- 2 City Resolutions passed to Fight the Bans

Additional Actions:
- 600 conversations about Paid Family Medical Leave
- 332 patch-through calls to the State Capitol
- 600 conversations about Paid Family Medical Leave
- 332 patch-through calls to the State Capitol
TOGETHER
WE ARE STRONGER

The critical work of NARAL Pro-Choice Oregon and NARAL Pro-Choice Oregon Foundation would not be possible without the support of people like you. Please give today! For more information on giving, contact Laurel Keppy at 503-223-4510 ext. 2 or laurel@prochoiceoregon.org

NARAL PRO-CHOICE OREGON develops and sustains a constituency that uses the political process to guarantee every person who can become pregnant the right to make personal decisions regarding the full range of reproductive choices, including preventing unintended pregnancy, bearing healthy children, and choosing legal abortion.

NARAL PRO-CHOICE OREGON FOUNDATION supports and protects, as a fundamental right and value, a person’s freedom to make personal decisions regarding the full range of reproductive choices – including preventing unintended pregnancy, bearing healthy children, and choosing legal abortion – through education, training, organizing, and research. We champion public policy that addresses disparities in reproductive healthcare and promotes health equity for all people.
